INDEPENDENT AUDITOR'S REPORT

Board of Directors
Shepherd University Foundation, Inc. and Supporting Organization
Shepherdstown, West Virginia

Opinion

We have audited the accompanying consolidated financial statements of the Shepherd University Foundation, Inc. and Supporting Organization (nonprofit organizations), which comprise the consolidated statements of financial position as of June 30, 2022 and 2021, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Shepherd University Foundation, Inc. and Supporting Organization as of June 30, 2022 and 2021, and the changes in their consolidated net assets and their consolidated cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Shepherd University Foundation, Inc. and Supporting Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shepherd University Foundation, Inc. and Supporting Organization's ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Shepherd University Foundation, Inc. and Supporting Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Shepherd University Foundation, Inc. and Supporting Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying consolidating statements of financial position, activities and cash flows and the accompanying consolidated schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating statements of financial position, activities and cash flows and the accompanying consolidated schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated September 1, 2022, on our consideration of Shepherd University Foundation, Inc. and Supporting Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Shepherd University Foundation Inc. and Supporting Organization's internal control over financial reporting and compliance.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Principles

The consolidated financial statements include Shepherd University Foundation, Inc. and Shepherd University Foundation Supporting Organization (collectively referred to as the Foundation). Shepherd University Foundation, Inc. shares a common governing board with and has an ongoing economic interest in the Shepherd University Foundation Supporting Organization (Supporting Organization). As a result, these entities are financially interrelated and consolidation is required under accounting principles generally accepted in the United States. All significant intercompany balances and transactions have been eliminated.

Nature of Operations and Program Activities

The Shepherd University Foundation, Inc., and the Shepherd University Foundation Supporting Organization are nonprofit organizations incorporated in the state of West Virginia and headquartered in Shepherdstown, West Virginia. The primary purpose of the Shepherd University Foundation, Inc. is to provide assistance and support for the students, facilities and programs of Shepherd University. The primary purpose of the Shepherd University Foundation Supporting Organization is to provide financial support and other supporting services to the Shepherd University Foundation, Inc. The major program of the Shepherd University Foundation Supporting Organization is the operation of the Potomac Place residence hall for students attending Shepherd University.

Basis of Accounting

The consolidated financial statements of the Shepherd University Foundation, Inc. and Supporting Organization are presented on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions.

Revenues are reported as increases in net assets without donor restriction unless use of the related assets are limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on assets or liabilities are reported as increases or decreases in net assets without donor restriction unless their use is restricted by explicit donor stipulation or by law. Expirations of net assets with donor restriction (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Custodial accounts representing funds held by the Foundation on behalf of Shepherd University and/or departments of the University or related parties to the University are reported as custodial liabilities. The Foundation is responsible for the management and administration of these funds.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Assets

The Foundation is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. A description of the two net asset categories follows:

Net Assets Without Donor Restriction

Net assets that are not subject to donor-imposed stipulations. Net assets without donor imposed restrictions include net assets designated by the board for a specific purpose, namely to provide college support to Shepherd University. Board-designated net assets amounted to \$107,572 and \$132,043 at June 30, 2022 and 2021, respectively, which were made up of cash and cash equivalents.

Net Assets With Donor Restriction

Net assets whose use by the Foundation is subject to donor-imposed restrictions that can be fulfilled by actions of the Foundation pursuant to those restrictions or that expire by the passage of time, and net assets subject to donor-imposed restrictions that are to be maintained in perpetuity by the Foundation. Generally, restrictions are to provide assistance and support for the students, facilities and programs of Shepherd University.

Investments

The Foundation accounts for its investments in accordance with United States generally accepted accounting principles (U.S. GAAP). Under U.S. GAAP, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the consolidated statements of financial position. Unrealized gains and losses are included in the changes in net assets.

Investments of the Foundation are exposed to various risks, such as interest rate, market, currency and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment assets reported in the consolidated financial statements.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions

Unconditional contributions, including unconditional promises to give, are recognized as revenue in the period received. All contributions are available for unrestricted use unless specifically restricted by the donor. Bequests are recorded as revenue at the time an unassailable right to the gift has been established and the proceeds are measurable. Non-cash contributions received that are retained or passed through to Shepherd University are recorded at their current or appraised value at the date they are contributed. Donated stock is recorded at its fair market value on the date of receipt.

The Foundation does not recognize contributions that are conditional; that is, contributions are recognized at the point in time that any barriers to overcome have been met and when no right of return exists. Conditional contributions not included in the Foundation's financial statements include testamentary gifts and any other contributions contingent on the occurrence of an event that has not yet happened.

Pledges Receivable

Pledges are recorded as revenue when received. It is the Foundation's policy to evaluate individual pledges annually to determine collectability. Pledges deemed uncollectable are written off as part of the change in net assets in the year such determination is made. The present value adjustment for pledges receivable is calculated by determining the present value of the future contributions expected to be received, using a discount rate of 6%.

Property and Equipment

Purchased assets are recorded at cost. Donated assets retained by the Foundation are recorded at their current or appraised value at the date they are donated. Expenditures of \$5,000 or more and having a useful life greater than one year are capitalized. Assets no longer in use are retired. Maintenance and repairs are expensed as incurred. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets as follows:

	<u>Years</u>
Office equipment	3-7
Residence hall building and improvement	40
Residence hall furniture and fixtures	5

Loan Origination Costs

The Foundation has presented all loan origination costs as a direct deduction from loans payable. Amortization of the loan costs is included as a component of interest expense.

In February 2018, the Shepherd University Supporting Organization incurred loan origination costs of \$26,890 associated with the permanent refinancing of the WV Economic Development Authority bond anticipation notes with a USDA loan. In April 2019, an additional \$23,000 of loan costs associated with this permanent financing was incurred. These costs are being amortized using the straight-line method over the life of the related debt, which is 40 years.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Advertising

Advertising costs, included as a component of program development, are expensed as incurred and amounted to \$1,410 and \$2,230 for the years ended June 30, 2022 and 2021, respectively.

Functional Expenses

Certain costs have been allocated among the programs and supporting services. Allocation of costs by function is based principally on specific identification of costs to either program or general and administrative expenses. Non-specifically identified costs are based on square footage allocations and on management's allocation of time requirements incurred for the various functions based on their analysis of historical activities. The Foundation did not engage in any material fundraising activities during the years ended 2022 and 2021, respectively.

Residence Hall Revenue, Accounts Receivable and Deferred Revenues

Revenues related to the operation of the Potomac Place residence hall are recognized in the period the related housing and services are provided. To the extent applicable, deferred revenue is recognized for any advanced payments received from students and others prior to the period of the rental. Accounts receivable primarily represents amounts due for residence hall rentals that occurred prior to the financial statement date. Management determines an allowance for doubtful accounts by regularly evaluating the individual receivables and considering the student's financial condition and payment history. Receivables are written off when deemed uncollectible. As of June 30, 2022 and 2021, management feels all receivables will be collected and therefore, has not established an allowance for doubtful accounts.

Revenue Recognition – Exchange Transactions

The Foundation recognized revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 606, Revenue from Contracts with Customers (ASC 606), as amended. ASC 606 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Foundation's only revenue stream containing exchange transactions with customers that were subject to ASU 2014-09 are the sales of tickets and sponsorships to the annual Scarborough Society Gala. The Scarborough Society Gala ticket and sponsorship sales contain a single performance obligation and revenue is recognized at a single point in time when the Scarborough Society Gala event is held. There are no receivables, contract assets or contract liabilities associated with the Scarborough Society Gala.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Transfers

Transfers reported on the consolidated statement of activities generally represent the movement of a fund's existing net assets to the net assets of another fund with a different level of restriction. Transfers can occur when the donor of a fund changes the associated restriction of an established fund to another purpose, if the donor wishes to distribute available earnings on an existing fund to another fund within the Foundation or when a fund pays their share of management fees due to the Foundation.

Tax Exempt Status

The Internal Revenue Service has determined that the Shepherd University Foundation, Inc. and Shepherd University Foundation Supporting Organization are organizations described in Section 501(c)(3) of the Internal Revenue Code and are therefore exempt from federal income tax. Shepherd University Foundation, Inc. has also been classified as a public charity under Section 509(a)(1) of the Internal Revenue Code and Shepherd University Foundation Supporting Organization has been classified as a public charity under Section 509(a)(3) of the Internal Revenue Code.

The Foundation follows generally accepted accounting principles, which provides guidance on accounting for uncertainty in income taxes recognized in an organization's financial statements. The Foundation's policy is to charge penalties and interest to income tax expense as incurred. The Foundation's federal and state income tax returns are subject to examination by the Internal Revenue Service and state tax authorities, generally for a period of three years after the returns are filed.

Use of Estimates in the Preparation of Consolidated Financial Statements

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Concentrations of Credit Risk

In the course of conducting its activities the Foundation encourages alumni, local businesses and the general public to support its purposes by regularly soliciting contributions. Many of the contributors pledge their support over several years in the form of pledges. Pledges that are legally enforceable represent extensions of credit by the Foundation to its donors.

Statement of Cash Flows

For purposes of presenting cash flow information, the Foundation has defined cash equivalents as highly liquid debt instruments with original maturities of three months or less.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassifications

Certain reclassifications of amounts previously reported have been made in the accompanying financial statements in order to make them confirm to the classifications used for the year ended June 30, 2022.

Risks and Uncertainties

The Foundation places its demand deposits with local banks. At times such balances may be in excess of the Federal Deposit Insurance Corporation insurance limit. Management considers this to be a normal business risk.

Recent Accounting Pronouncements

In February 2016, FASB issued ASU 2016-02, Leases (Topic 842). The guidance in this ASU supersedes the leasing guidance in Topic 840, Leases. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the statement of income. The new standard is effective for the Foundation starting July 1, 2022. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Foundation is currently evaluating the effect that the standard will have on the financial statements.

NOTE 2 CASH AND CASH EQUIVALENTS

Cash and cash equivalents includes restricted cash held in demand accounts at financial institutions or brokerage firms that are associated with custodial liabilities or restricted funds held within the Foundation. Also, in connection with the USDA loan discussed in Note 9, commencing in February 2018, the Foundation is required to maintain a debt service reserve account and property replacement reserve account. The Foundation is required to make monthly deposits of at least \$7,990 to the debt service reserve account until the account balance reaches \$922,092. The Foundation also must make monthly deposits into a property replacement reserve account. The amount of the required monthly deposit was \$5,402 at June 30, 2022 and increases by 3% each February until the USDA loan is paid off.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION
Notes to Consolidated Financial Statements

NOTE 2 CASH AND CASH EQUIVALENTS (CONTINUED)

In September 2020, the Foundation received approval from the USDA to defer payments on the USDA loan, as discussed further in Note 9. In conjunction with the loan deferral, the Foundation was instructed by the USDA to stop making monthly payments to the debt service reserve account and the property replacement reserve account from September 2020 until the end of the loan deferral period in October 2022. The available balance in the debt service reserve account had to be applied to principal payments due before the principal deferral period could start.

Cash and cash equivalents consisted of the following at June 30, 2022 and 2021:

	2022	2021
Restricted Cash		
Cash associated with custodial liabilities	\$ 1,329,446	\$ 1,170,776

NOTE 4 INVESTMENTS (CONTINUED)

Depreciation expense related to investment in real estate amounted to \$4,005 for each year ended June 30, 2022 and 2021, respectively.

The following is a summary of the Foundation's investments at June 30, 2022 and 2021:

Description	2022	2021
Investment securities	\$ 31,789,203	\$ 34,712,717
Real estate	92,734	96,739
	<u>\$ 31,881,937</u>	<u>\$ 34,809,456</u>

The risks of economic uncertainty and market volatility underscore the level of investment risk associated with the Foundation's investments.

NOTE 5 INTEREST IN LIFE ESTATE

During the year ended June 30, 2013, a donor established a life estate giving a remainder interest in a residential property to the Foundation, while retaining a life interest in the property. A life estate agreement is an arrangement whereby the donor transfers property to a charity while retaining the right to occupy and otherwise enjoy the full use of the property for the donor's choice of a term of years or the lifetime of the donor. The present commitment value of the property is based on the individual's life expectancy, which provides for a contribution value based upon the fact the donor is making a present commitment to a future charitable gift. The value of the property is based upon a third-party appraisal value at the date of transfer of \$447,500, discounted by the present value of the fair market rental value of the property at the time of the transfer of \$1,700 per month. The present value was calculated based upon the life expectancy of the donor as determined by the Social Security Life Expectancy tables and a 3.25% rate of return per the American Council on Gift Annuities. Assets held in life estates at June 30, 2022 and 2021 were \$445,804 and \$425,812, respectively, and are reported at the calculated present value on the Foundation's consolidated statement of financial position. Changes in the present value of the life estate will be reflected as changes in net assets with donor restriction in the Foundation's consolidated statement of activities.

Net Book Value	<u>\$ 17,630,731</u>	<u>\$ 18,335,734</u>

Depreciation expense related to property and equipment was \$705,003 and \$708,377 for the years ended June 30, 2022 and 2021, respectively.

The cost, accumulated depreciation and depreciation expense related to investments in real estate, as disclosed in Note 4, are excluded from the above property and equipment disclosure.

NOTE 7 CUSTODIAL LIABILITIES

Generally accepted accounting principles establish standards for transactions in which a foundation accepts a contribution from a donor and agrees to transfer those assets, the return on investment of those assets, or both, to another entity that is specified by the donor. Specifically, if a not-for-profit organization establishes a fund at a foundation with its own funds and specifies itself or its affiliate as the beneficiary of that fund, the foundation must account for the transfer of such assets as a liability. The liability has been established at the fair market value of the funds, which is generally equivalent to the present value of future payments expected to be made to the not-for-profit organizations.

The gross receipts and disbursements for the custodial accounts, and the net investment return on investments for the custodial accounts for the years ended June 30, 2022 and 2021 are as follows:

	2022	2021
Custodial receipts	\$ 762,656	\$ 693,922
Custodial payments	(604,077)	(476,193)
Net investment return	91	85
Net Increase in Custodial Liabilities	<u>\$ 158,670</u>	<u>\$ 217,814</u>

NOTE 8 GIFT ANNUITIES

The Foundation has entered into several charitable gift annuity agreements with donors. Charitable gift annuities represent a gift of cash, investments or other assets from a donor. In return, the donor receives a fixed stream of income from the Foundation for the rest of their life. Upon the end of the donor's life, the Foundation takes ownership of the remainder of the gift. Gift annuities are recognized at fair value when received, and the corresponding liabilities are recorded using the present value of future cash flows expected to be paid to the donors and are being amortized over the expected lives of the donors.

The liability associated with gift annuities payable amounted to \$61,048 and \$73,277 for the years ended June 30, 2022 and 2021, respectively.

NOTE 9 LOANS PAYABLE

As disclosed in Note 16, in June 2016 the Shepherd University Foundation Supporting Organization obtained interim financing for their student housing facility project through bond anticipation notes issued by the West Virginia Economic Development Authority. The Shepherd University Foundation Supporting Organization borrowed \$22,035,000 under Series 2016A bond anticipation notes with an interest rate of 1.20% and \$350,000 of Series 2016B taxable bond anticipation notes with an interest rate of 2.45%. The loans matured on February 1, 2018 and required semi-annual interest only payments on August 1 and February 1 of each loan year. On February 1, 2018, all outstanding interest and principal was repaid using the financing provided by the USDA rural development loan noted below. The bond anticipation notes were secured by a leasehold deed of trust on the student housing facility project, which was released upon repayment of the notes.

On January 19, 2018, the Shepherd University Foundation Supporting Organization borrowed \$21,892,000 under a 40-year USDA rural development loan to finance the Potomac Place student housing facility project. The original USDA loan agreement requires monthly principal and interest payments of \$76,841, including interest fixed at 2.875%. The loan is scheduled to mature on January 19, 2058. The USDA loan is secured by a leasehold deed of trust on the Potomac Place student housing facility, including all real property and any furniture, fixtures and equipment related to the housing facility. In addition, all revenues, accounts receivable and intangibles associated with the Potomac Place student housing facility have been assigned and pledged to the USDA. As disclosed in Note 2, under the USDA loan agreement, the Shepherd University Foundation Supporting Organization is required to maintain and make monthly deposits into a debt service reserve bank account and property replacement reserve bank account.

NOTE 9 LOANS PAYABLE (CONTINUED)

Due to the economic impact caused by the COVID-19 pandemic on Potomac Place revenues, Shepherd University Foundation Supporting Organization applied for loan deferral offered by the USDA. In September 2020, Shepherd University Foundation Supporting Organization received approval from the USDA to defer all loan payments on the above loan after the debt service reserve had been fully depleted and, beginning in September 2020, to cease making the monthly debt service and equipment replacement reserve payments during the deferral period. Shepherd University Foundation Supporting Organization was able to make loan payments through November 2020 using the available balance of the debt service reserve cash account and began deferring loan payments in December 2020. The original loan deferral period expired in September 2021. The USDA approved an extension of the deferral period in December 2021 and waived any principal payments due for October and November 2021. The extended loan deferral period is set to expire in September 2022 with monthly payments to resume in October 2022. At the end of June 2022, Shepherd University Foundation Supporting Organization made a payment for all deferred loan interest that had accrued from the start of the extended loan deferral period through June 19, 2022. At the end of June 2021, Shepherd University Foundation Supporting Organization made a payment for all deferred loan interest that had accrued from the start of the loan deferral period through June 30, 2021. Commencing with the October 2022 loan payment, the monthly principal and interest payment will increase to \$79,890 to fully amortize the loans by the original maturity date.

The carrying value of the collateral securing the above loan was \$17,630,731 and \$18,335,349 at June 30, 2022 and 2021, respectively. Total interest capitalized during the construction period of the student housing facility project amounted to \$311,669.

The balance of loans payable, net of loan costs, at June 30, 2022 and 2021 is as follows:

	2022	2021
USDA Rural Development Loan	\$ 20,967,795	\$ 21,028,602
Less loan costs, net of accumulated amortization of \$4,914 and \$3,652, respectively	<u>(44,976)</u>	<u>(46,238)</u>
	<u>\$ 20,922,819</u>	<u>\$ 20,982,364</u>

The future required principal payments as of June 30, 2022 are as follows:

<u>Year Ending June 30,</u>	
2023	\$ 270,708
2024	366,824
2025	379,133
2026	390,178
2027	401,645
Thereafter	<u>19,159,307</u>
	<u>\$ 20,967,795</u>

Amortization of loan costs charged to interest expense for the years ended June 30, 2022 and 2021 was \$1,262 for each period.

NOTE 10 NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions consist of the following at June 30, 2022 and 2021:

	2022	2021
Restricted for a Specific Purpose		
Scholarships, awards and college support	\$ 9,740,022	\$ 16,296,534
Restricted in Perpetuity		
Endowment Funds	<u>26,227,964</u>	<u>23,844,302</u>
	<u>\$ 35,967,986</u>	<u>\$ 40,140,836</u>

Cash and equivalents	\$ 2,046,623	\$ 2,592,983
Pledges receivable, net of present value adjustment	470,232	1,275,317
Accrued interest receivable	30,420	30,638
Investments	31,789,203	34,712,717
Interest in life estate	<u>445,804</u>	<u>425,812</u>
	<u>\$ 34,782,282</u>	<u>\$ 39,037,467</u>

At June 30, 2022 and 2021 there were deficits in the amounts of \$1,185,704 and \$1,103,369, respectively, of assets available to cover the balance of non-endowed net assets restricted for a specific purpose. As further disclosed in Note 19, this deficit was a result of expenditures exceeding revenues of the undesignated operating fund, which is reported as net assets without donor restriction.

NOTE 11 ENDOWMENTS

The Foundation's endowments consist of individual donor-restricted funds established to provide scholarships, awards and college support to the students, faculty and programs of Shepherd University. Net assets associated with endowment funds are classified and reported as net assets with donor restriction based on the donor-imposed restrictions. The classification is based on the board's interpretation of West Virginia's statutes that govern such endowments and its interpretations of donor intent and the related endowment bylaws.

The Foundation considers several factors when making a determination to appropriate or accumulate donor-restricted endowment funds. These factors include the duration and preservation of the fund, the mission of the Foundation, the purpose of any donor-restrictions, general economic conditions, the possible effect of inflation and deflation, the expected total return from income and the appreciation of investments, and other resources.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 11 ENDOWMENTS (CONTINUED)

The Board of Trustees of the Foundation has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, The Foundation classifies as net assets with donor restriction - restricted in perpetuity (a) the original value of gifts donated to the permanent endowment and (b) the original value of subsequent gifts to the permanent endowment. The net investment return on the endowment funds is classified as net assets with donor restrictions - restricted for a specific purpose until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA.

During the year ended June 30, 2021, the Shepherd University Foundation's Board of Directors revised the Foundation's spending policy. Under the revised policy, annually the Board of Directors will approve a distribution rate with a target rate of 2% and not exceed 3%. New endowments should be given time to appreciate and once the fund has appreciated at least 20% then distributions can be made in an amount equal to the annually approved distribution rate multiplied by the average market value of the fund for the previous 20 calendar quarters. Any undistributed net investment income is added to net assets with donor restrictions - restricted for a specific purpose.

The endowments are invested consistent with an investment policy statement that is monitored by the Foundation's Directors. To satisfy the long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). Funds in the endowment are primarily invested in U.S. Government Securities and managed equity funds with several investment managers using an investment philosophy that maintains equities in the range of 39.5% to 79.5% of the total fund, alternatives in the range of 0% to 20%, fixed income securities in the range of 0.5% to 40.5%, and cash in the range of 0% to 20%.

All endowment funds held at the Foundation are donor restricted endowment funds. Donor restricted endowment funds amounted to \$27,298,195 and \$30,505,661 as of June 30, 2022 and 2021, respectively.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 11 ENDOWMENTS (CONTINUED)

The changes in endowment net assets for the years ended June 30, 2022 and 2021 were as follows:

Endowment Net Assets at July 1, 2020	\$ 24,124,439
Net investment return	6,902,894
Contributions	541,449
Transfers of funding within the Foundation	(728,233)
Appropriations of endowment assets for expenditure	<u>(334,888)</u>
Endowment Net Assets at June 30, 2021	\$ 30,505,661
Net investment return (loss)	(4,311,234)
Contributions	2,124,843
Transfers of funding within the Foundation	(752,596)
Appropriations of endowment assets for expenditure	<u>(268,479)</u>
Endowment Net Assets at June 30, 2022	<u>\$ 27,298,195</u>

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or SPMIFA requires the Foundation to retain as a fund of perpetual duration (underwater endowments). At June 30, 2022, thirty-eight endowment funds with original gift values of \$7,428,350, fair values of \$7,074,954 and deficiencies of \$353,396 were reported in net assets with donor restrictions. At June 30, 2021, there were no underwater endowments.

NOTE 12 FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- **Level 1** – Represented by quoted prices that are available in an active market. Level 1 securities include highly liquid government bonds, treasury securities, mortgage products and exchange traded equities.

SHEPHERD UNIVERSITY FOUNDATION, INC. AND SUPPORTING ORGANIZATION

Notes to Consolidated Financial Statements

NOTE 12 FAIR VALUE MEASUREMENTS (CONTINUED)

- **Level 2** – Represented by assets and liabilities similar to Level 1 where quoted prices are not available, but are observable, either directly or indirectly through corroboration with observable market data, such as quoted prices for similar securities and quoted prices in inactive markets and estimated using pricing models or discounted cash flows. Level 2 securities would include U.S. agency securities, mortgage-backed agency securities, obligations of states and political subdivisions and certain corporate, asset backed securities and swap agreements.

- **Level 3** – Represented by financial instruments where there is limited activity or unobservable market prices and pricing models significant to determining the fair value measurement include the reporting entity’s own assumptions about the market risk. Level 3 securities would include hedge funds, private equity securities, and private investments in public entities.

Fair value of assets measured on a recurring basis at June 30, 2022 and 2021 are as follows:

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of financial position.

The fair values of Shepherd University Foundation's assets are measured using different techniques. The fair value for pledges receivable is determined by calculating the present value of the pledges expected to be received, using a discount rate of 6%. The fair value measurement for investments is based upon quoted market prices, when available (Level 1). If quoted market prices are not available, fair values are measured utilizing independent valuation techniques of identical or similar securities for which significant assumptions are derived primarily from or corroborated by observable market data (Level 2). In certain cases, where there is limited activity or less transparency around inputs to the valuation, securities are classified within Level 3 of the hierarchy.

NOTE 12 FAIR VALUE MEASUREMENTS (CONTINUED)

- (a) The Ironwood Institutional Multi-Strategy Fund, LLC (Ironwood Fund) is a speculative fund of funds. The Ironwood Fund's investment objective is capital appreciation with limited variability of returns. The Ironwood Fund attempts to achieve this objective by allocating capital among a number of pooled investment vehicles that are generally organized in non-U.S. jurisdictions and classified as corporations for U.S. federal income tax purposes. Each investment vehicle is managed by an independent investment manager pursuant to various alternative investment strategies, including relative value; market neutral and low net equity; event-driven; and distressed and credit securities.
- (b) The investment in Golub Capital Partners International 12, L.P. (Golub Fund) represents a limited partnership interest in a privately held speculative hedge fund. The Golub Fund's investment objective is to achieve attractive risk-adjusted returns relative to more liquid fixed income alternatives, with emphasis on current income and preservation of capital. The Golub Fund attempts to achieve this objective primarily by investing in senior secured, floating rate middle market loans, through wholly and partially owned holding companies and other investment vehicles. Most investment assets will be leveraged in the form of collateralized loan obligations and credit facilities. The Golub Fund plans to continue until July 1, 2028 and return all capital prior to that date at the general partner's discretion. Withdrawals of partnership interests generally are not permitted except in limited circumstances.

The Foundation has committed to a total maximum investment in the Golub Fund of \$1,000,000, of which \$928,749 has been invested as of June 30, 2022. The remaining commitment is due to Golub Fund on demand, and earnings of the fund may be applied as a reduction of the commitment.

- (c) The investment in Nuveen Global Cities REIT Fund (Nuveen Fund) represents an investment in a real estate investment trust that is not actively traded. The Nuveen Fund's primary investment objectives are to 1) provide regular, stable cash distribution, (2) target institutional quality, stabilize commercial real estate to achieve an attractive distribution yield, (3) preserve and protect stockholders' invested capital, (3) realize appreciation from proactive investment management and asset management, and (4) seek diversification by investing across leading global cities and across real estate sectors, including office, industrial, multifamily, and retail properties, as well as alternative property types. The Nuveen Fund attempts to achieve this objective primarily by affiliation with Nuveen Real Estate, who manages, buys, and sells properties in the Nuveen Fund's portfolio on their behalf, with oversight and supervision provided by Nuveen Fund's board of directors. Nuveen Real Estate has designed its own investment strategy from long-term structural growth research that is focused on commercial real estate investments in or around a universe of cities Nuveen Real Estate believes are well positioned in North America, Europe, and the Asia-Pacific region. Investors can request redemption of their investment on a monthly basis by submitting a redemption request five business days prior to month end for processing at the beginning of the following month. The Nuveen fund can limit the total amount that is redeemed to 2% of the net asset value monthly and 5% quarterly of the aggregate investment. A redemption within the first year of an investor's holding will be subject to a 5% penalty.

NOTE 13 EMPLOYEE RETIREMENT PLAN

The Foundation participates in the TIAA - CREF retirement plan. The Foundation contributes to the plan based on a dollar for dollar match of the contributions of full-time employees up to 6%. The cost recognized during the years ended June 30, 2022 and 2021 was \$13,649 and \$13,116, respectively.

NOTE 14 CONDITIONAL PROMISES TO GIVE

In the normal course of operations, the Foundation has been notified as being designated to receive various deferred gifts from alumni and friends in support of Shepherd University that are not recorded in the consolidated financial statements because of their contingent nature. However, the Foundation facilitates and monitors deferred gifts through the use of Memorandums of Understanding detailing the donor's intent and stipulations for administration of the gift for such items as bequests, charitable remainder trusts and insurance policies.

NOTE 15 RELATED PARTY TRANSACTIONS – SHEPHERD UNIVERSITY

The Foundation is a component unit of Shepherd University (University). The Shepherd University Foundation, Inc. provides scholarships and support for the students, facilities and programs of the University. Total scholarships, awards and college support provided to the University and students attending the University amounted to \$2,213,103 and \$1,888,719 for the years ended June 30, 2022 and 2021, respectively.

The Foundation utilizes space owned by the University but does not pay rent. In-kind revenue and expense of \$12,600 has been recorded for the use of this space for the years ended June 30, 2022 and 2021, respectively.

In August 2017, the Shepherd University Foundation Supporting Organization entered into an agreement to lease 1,490 square feet on the ground floor of the Potomac Place student housing facility to the University for the purpose of operating a food service market to serve the students of the facility. The original lease agreement expired on June 30, 2020. Due to COVID-19, the housing facility was closed and the space was not leased from July 1, 2020 until a new lease agreement was executed in August 2020. The new lease commenced on August 10, 2020 and is scheduled to end on June 30, 2023. The required monthly payments under both of the above leases was \$2,700. Total rental revenue from these lease agreements amounted to \$32,400 and \$28,980 for the years ended June 30, 2022 and 2021, respectively. Total future minimum lease payments due for the year ended June 30, 2023 are \$32,400.

NOTE 15 RELATED PARTY TRANSACTIONS – SHEPHERD UNIVERSITY (CONTINUED)

As disclosed in Note 16, the Shepherd University Foundation Supporting Organization has entered into a ground lease agreement and management agreement with the University as part of the student housing facilities project. Total expense incurred under these agreements amounted to \$635,619 and \$57,701 for the years ended June 30, 2022 and 2021, respectively. As part of the management agreement, the University acts as the Supporting Organization's exclusive agent for the operation, management and maintenance of the student housing facility project. As a result, the University collects payments from students and pays operating expenses associated with the student housing facility project on behalf of the Supporting Organization. Amounts due from the University related to the collection of student receivables amounted to \$4,507 and \$694 respectively. Amounts due to the University for reimbursement of operating expenses, reimbursements of credits paid to students and payment of the ground lease fee noted above amounted to \$682,252 and \$102,736, respectively.

NOTE 16 POTOMAC PLACE STUDENT HOUSING FACILITY PROJECT

Shepherd University Foundation Supporting Organization designed and constructed Potomac Place, a 298 bed student housing facility on the Shepherd University campus. As disclosed in Note 9, the Supporting Organization permanently financed the construction costs of Potomac Place with a 40-year rural development loan from the United States Department of Agriculture. The Supporting Organization owns the building and associated equipment and furnishings and has entered into a ground lease with Shepherd University. The ground lease will expire upon the repayment of all associated outstanding debt borrowed by the Supporting Organization. Upon the expiration of the lease, the building and associated equipment and furnishings will be transferred to Shepherd University. The ground lease agreement requires annual rental payments due 30 days after the receipt of the Supporting Organization's audited financial statements.

Rental payments will equal the net available cash flow generated from the operations of Potomac Place. Rent expense due to Shepherd University for the ground lease amounted to \$635,619 and \$57,701 for the years ended June 30, 2022 and 2021, respectively. Cumulative cash payments made to Shepherd University for ground lease rental payments since the residence hall became operational amounted to \$1,405,533 as of June 30, 2022.

The Supporting Organization has entered into a management agreement with Shepherd University. The management agreement appointed Shepherd University as the Supporting Organization's exclusive agent for the construction, operation, management and maintenance of Potomac Place. No additional fees, outside of the ground lease payments, are payable to Shepherd University for these services.

The residence hall room rental fee rates, number of students served per semester and total fees collected on student residence hall room rentals are noted below for the year ended June 30, 2022 and 2021.

NOTE 18 LIQUIDITY AND AVAILABILITY OF RESOURCES (CONTINUED)

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. The Foundation has sources of liquidity at its disposal, including accounts receivable and amounts due from Shepherd University. Total cash of \$153,208 and \$153,085 at June 30, 2022 and 2021, respectively, is excluded due to the fact that it represents debt service and property replacement reserves required to be maintained under the Foundation's USDA loan agreement. Also, cash in the amounts of \$3,376,069 and \$3,763,759 at June 30, 2022 and 2021, respectively, is excluded due to it being restricted for custodial liabilities and donor-restricted funds held at the Foundation. Accrued interest receivable in the amounts of \$30,420 and \$30,638 at June 30, 2022 and 2021, respectively and investments in the amounts of \$31,789,203 and \$34,712,717 at June 30, 2022 and 2021, respectively, are excluded due to the fact that these funds are the restricted portion of donor-restricted funds held at the Foundation. The remaining \$92,734 and \$96,739 at June 30, 2022 and 2021, respectively, of investments is excluded as it represents an investment in real estate that is not readily marketable.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Foundation considered all expenditures related to its ongoing activity of providing assistance and support for the students, facilities and programs of Shepherd University, and the Supporting Organization considered all expenditures related to its ongoing activity of operating the Potomac Place residence hall, as well as the types of services undertaken to support these activities, to be general expenditures.

In addition to the financial assets available to meet general expenditures over the next 12 months, the Foundation operates with a Board approved budget and anticipates collecting sufficient revenue to cover general expenditures.

NOTE 19 DEFICIT OF UNDESIGNATED NET ASSETS WITHOUT DONOR RESTRICTION

The deficit in undesignated net assets without donor restrictions of the Foundation is primarily the result of cumulative unrealized and realized losses not being allocated as a reduction to net assets with donor restriction in fiscal years prior to 2018, scholarship disbursements from funds in excess of the actual unrealized and realized investment earnings and operating expenses exceeding support and revenue without donor restriction. In addition, excess of expenses over revenues generated from the Potomac Place student facility project has contributed to the net assets without donor restriction deficit. In order to reduce the deficit and generate positive net assets without donor restriction, the Foundation will need to generate gains on their investments for consecutive years, reduce the level of annual fund disbursements, reduce operating expenses or generate revenues from another outside source. The balance of the net assets without donor restriction deficit was \$(4,177,720) and \$(3,453,406) for the years ended June 30, 2022 and 2021, respectively. Of this deficit, \$(1,260,723) and \$(1,207,528) related to Shepherd University Foundation Inc. for the years ended June 30, 2022 and 2021, respectively and \$(2,916,997) and \$(2,245,878) related the Shepherd University Foundation Supporting Organization for the years ended June 30, 2022 and 2021, respectively.

Notes to Consolidated Financial Statements

NOTE 20 ADOPTION OF NEW ACCOUNTING STANDARD - CONTRIBUTED NONFINANCIAL ASSETS

On July 1, 2021, the Foundation adopted the Financial Standards Board (FASB) ASU 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which clarifies the presentation and disclosure of contributed nonfinancial assets with an intention to provide the reader of the financial statements a clearer understanding of what type of nonfinancial assets were received and how they are used and recognized by the not-for-profit. The standard was applied using a full retrospective transition method. Implementation of this standard did not result in any change to beginning or ending net asset balances previously reported. As a result of adopting the standard, nonfinancial contributions, previously reported as component of other revenue were segregated and reported as a separate line item on the consolidated statement of activities for the year ended June 30, 2021.

Nonfinancial contributions received by the Foundation for the years ended June 30, 2022 and 2021 are as follows:

	2022	2021
Furniture, equipment and supplies	\$ 9,100	\$ 117,944
Use of facilities	<u>12,600</u>	<u>12,600</u>
	<u>\$ 21,700</u>	<u>\$ 130,544</u>

Donated furniture, equipment and supplies were received by the Foundation to be passed along to the beneficiaries of the Foundations various scholarship and college support programs. All donations received were distributed to the designated beneficiaries during the year received. Donated furniture, equipment and supplies are valued using estimates based on prices of identical or similar products.

Contributed use of facilities represents the value of rent-free office space provided by Shepherd University. The office space is utilized by the Foundation to provide supporting services and is reported as a component of general and administrative expenses. There were no donor-imposed restrictions associated with donated office space. Donated office space is valued using rental rates charged for similar rental properties available in the surrounding area.

NOTE 21 SUBSEQUENT EVENTS

The Foundation has evaluated events and transactions subsequent to June 30, 2022 through September 1, 2022, the date these financial statements were available to be issued. Based on the definitions and requirements of generally accepted accounting principles, management has not identified any events that require recognition or disclosure in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Shepherd University Foundation, Inc. and Supporting Organization
Shepherdstown, West Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Shepherd University Foundation, Inc. and Supporting Organization (a nonprofit organization), which comprise the consolidated statements of financial position as of June 30, 2022 and 2021, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 1, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audits of the consolidated financial statements, we considered Shepherd University Foundation, Inc. and Supporting Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Shepherd University Foundation, Inc. and Supporting Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of Shepherd University Foundation, Inc. and Supporting Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audits we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Shepherd University Foundation, Inc. and Supporting Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Shepherd University Foundation, Inc. and Supporting Organization
Shepherdstown, West Virginia

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

Opinion on Each Major Federal Program

We have audited Shepherd University Foundation, Inc. and Supporting Organization's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Shepherd University Foundation, Inc. and Supporting Organization's major federal programs for the year ended June 30, 2022. Shepherd University Foundation, Inc. and Supporting Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Shepherd University Foundation, Inc. and Supporting Organization complied, in all material respects, with the type of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Shepherd University Foundation, Inc. and Supporting Organization and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Shepherd University Foundation, Inc. and Supporting Organization's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Shepherd University Foundation, Inc. and Supporting Organization's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Shepherd University Foundation, Inc. and Supporting Organization's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Shepherd University Foundation, Inc. and Supporting Organization's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Shepherd University Foundation, Inc. and Supporting Organization's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Shepherd University Foundation, Inc. and Supporting Organization's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Shepherd University Foundation, Inc. and Supporting Organization's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose of described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Consolidated Schedule of Expenditures of Federal Awards

NOTE 1 BASIS OF PRESENTATION

The consolidated schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Shepherd University Foundation, Inc. and Supporting Organization under programs of the federal government for the year ended June 30, 2022. Shepherd University Foundation, Inc. has not received any funding under federal award programs and the expenditures included on the Schedule reflect only those of Shepherd University Foundation Supporting Organization. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations the Foundation, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Foundation.

NOTE 2 FISCAL PERIOD AUDITED

Single audit testing procedures were performed for program transactions occurring during the fiscal year ended June 30, 2022.

NOTE 3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying Schedule includes all federal grants of the Foundation which had expenditures or continuing loan compliance requirements during fiscal year 2022 on the accrual basis of accounting. The Schedule has been prepared in accordance with accounting principles generally accepted in the United States of America. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Foundation charges only direct costs to federal award programs and has not negotiated an indirect cost rate with grantors or elected to use the 10% de minimus indirect cost rate as allowed under the Uniform Guidance.

NOTE 4 FEDERALLY FINANCED LOANS

On January 19, 2018, the Foundation received permanent financing from the United States Department of Agriculture (USDA) under the Community Facilities Loans and Grants program (Assistance Listing #10.766) to construct a student housing facility on the Shepherd University campus. All expenditures were incurred prior to the permanent financing by the USDA. However, the loan is subject to continuing compliance requirements and is required to be reported on the Foundation's consolidated schedule of expenditures of federal awards until it is repaid. A summary of the beginning of year loan program balance, principal repayments and ending loan program balance for the USDA loan is as follows:

Loan Balance at July 1, 2021	\$ 21,028,602
Repayments of principal	<u>(60,807)</u>
Loan Balance at June 30, 2022	<u>\$ 20,967,795</u>
