Shepherd Learning Project Letter of Inquiry

Overview

Women Investing in Shepherd (WISH) is offering two Shepherd Learning Project grants for 2026. Grants from WISH are made possible by the generosity of its members who are committed to high-impact philanthropy. Grants are voted on by the active membership on an annual basis.

WISH inspires, educates, and develops the amazing potential of women's philanthropy. Our high-impact grants to Shepherd University and the tri-state community affect positive changes, bring new funding resources, and make philanthropy accessible.

Letters of Inquiry (LOI) are requested as the initial step in the grant process. Submission of LOI does not guarantee formal consideration for funding. Only groups selected by the Grants committee will be invited to submit full proposals.

To receive funding from WISH, a project should be at least one of the following:

- *Response to urgent and critical needs*
- *Bold new venture; and/or*
- *New approach to ongoing challenges*
